

Newsletter January 2019

CHAIRMAN'S MESSAGE

2018-19 sees us return to playing our home matches back in the heart of the village at Trelyn Park, our original home. After many years playing at various grounds in the area we're very excited about our homecoming and look forward to developing Trelyn as a genuine home for the club and working in partnership with our friends in the rugby club to make it a true sporting heart of the village.

As a club, we continue to promote grassroots football in the community in a responsible manner and in the right spirit. We are a club that seeks to develop competitive teams whilst at the same time welcoming players of all abilities and helping to develop them to become better players and better people. Once again, we are running teams from Under 7s this season and span the age groups up to our highly successful Under 16s, league winners for the past two seasons.

KITCHEN OPEN – 'THE HUB'

We are delighted that the kitchen, now 'The Hub' at Trelyn Park is now finally up and running. Following the relocation, the Club were yet again faced with limited facilities to offer refreshments on match days. We are happy to say that the The Hub has now been installed with electricity to use to its full potential.

The club encourages all age groups to support the club and use the facility to offer opposing clubs with tea, coffee, bacon butties etc. In addition to this, the Club will fund the purchase of hot drinks for the players after each game.

Over the next few weeks, committee members will be present to get The Hub up and running. We encourage any parent to offer their help and get involved.

RAFFLE DRAW: XBOX ONE

The club's first raffle draw has begun, and we are offering the chance to win an Xbox One S with Fornite and FIFA 19 – an amazing Christmas gift for anybody.

The prize is worth £279.99 and each ticket costs £2.00 with only 200 tickets available.
